## VALUE ADDED TRAINING PROGRAMME ON 'IMPACTS OF CLIMATE CHANGE ON HUMAN HEALTH'

**Course Name** – Impacts of Climate Change on Human Health

**Duration** - 30 hours

**Starting date** - 17.06.2023

**Ending date** - 30.06.2023

**Number of Participants** - 48

**Activities** – Theoretical (offline/online)

**Venue** - Department of Environmental Studies, Vidyanagar College, Vidyanagar, South 24 Pargana, Pin- 743503.

**Aim of the Course** - The main goal of this course is for students to understand the need of awareness and individual role to control climate change. They will be provided with the knowledge and tools to devise effective strategies for climate mitigation on a global, sectoral and local scale. It will be demonstrated that daily activities can collectively make a big difference and that each individual has a role to play in the fight against climate change. Therefore, this course will be helpful for the students to understand the importance of the positive and negative outcomes of climate change and how it affects every life on earth as well as human beings, both mentally and physically.

### **Faculty Profile -**

Speaker- Dr. Rajarshi Mitra, Dr. Surja Prakash Agarwala, Prof. Samit Chattopadhyay.

Coordinators- Mr. Dwijendranath Samanta(HOD), Prof. Sayari Dalapati.

*Dr. N. Banerjee*

30.06.2023

30.6.23

*Principal*  
Vidyanagar College  
South 24 Parganas

### Course Schedule :

Day 1	Introduction to the history of Climate Change
Day 2	Climate change response measures: definition, evolution & current status
Day 3	Characteristics of mitigation in regional and national context; long term and short-term mitigation options; mainstreaming climate change in development
Day 4	Sectoral specific approaches of mitigation, the major sectors- transport, power, agriculture, municipal waste, specific industries, and buildings
Day 5	Mitigation from cross sector perspective and its linkages with sustainable development
Day 6	EIA & Life Cycle Assessment, IPCC good practice guidelines
Day 7	Biodiversity index study, Carbon footprint measurement, Tree fixation, Zero emission, C neutral and C sink
Day 8	Physical impacts of pollution and climate change on human health
Day 9	Psychological impacts of pollution and climate change on human health
Day 10	Valuation and Certificate distribution

### Summary of the Programme

Department of Environmental Studies started the Add-on Course " Impacts of Climate Change on Human Health " from 17.06.2023. The duration of the course was 30 hours in the month of June. The course included online and offline theory activities. Our speaker Dr. Rajarshi Mitra (Associate Professor, Thakurpukur Vivekananda College), Dr. Surja Prakash Agarwala (Principal, Vidyanagar College) & Prof. Samit Chattopadhyay (Assistant Professor, Vidyanagar College) taught our students in a very lucid way. Our students sincerely attended and understood well every above mentioned topic. Students received certificates at the end of the course (30.06.2023) in the presence of the Principal, the Bursar, the IQAC Coordinator, speaker and coordinator of the Course.

Dept. Of Environmental Studies

## Course Outcome

The value added course has been successfully completed on 30th June,2023 and examination has been taken among the students by the speaker on that day in this topic. All the students have passed the exam well. The Principal of Vidyanagar College, IQAC coordinator of Vidyanagar College and coordinator of Add-on course have distributed certificates among the students. As a result of this course, students have learnt daily activities can collectively make a big difference and that each Individual has a role to play in the fight against climate change. All the students got the opportunity to improve awareness and understanding of climate change and got to know about different climate change mitigation strategies and options.
