E-GOVERNANCE & ERP DOCUMENTS

Scope:

E-Governance as a policy is implemented in the following areas of operation:

- Administration
- Finance & Accounts
- Students Admission and Support
- Examination

Vidyanagar College has adopted e-governance as a policy since 2012 when the Government of West Bengal introduced the Computerization of Salary Account(COSA). The salary of the teachers and the staff were brought under this system. Thereafter, Integrated Financial Management System(IFMS) was introduced in 2014, for overall management of disbursement of salary of teaching and non-teaching staff. Another module named Human Resource Management System (HRMS) came into operation from 2017 for the same purpose of managing the salary-disbursement of the teaching and non-teaching staff. Since 2020, Online Admission in colleges became mandatory. Since the onset of Covid 19, University of Calcutta has been conducting online Examinations. Prior to that the University would issue online notices which our college would convey to our students through the college websites and would conduct internal assessment. Since 2023 the University of Calcutta has made online admission through centralized portal. Hence, e-governance has become the main driving force of all primary activities of our college.

Vidyanagar College has inducted e-governance in:

Vidyanagar College is affiliated to the University of Calcutta. It is located on the road joining Amtala and Budge Budge to Bishnupur, Block-II in the District of South 24-Parganas, some thirty kilometres away from Esplanade, the administrative and commercial hub of the city of Kolkata. The college, though only a little away from the south-west fringes of the metropolis, is situated entirely in a rural setting amidst lush pastures. The college came into being on 29 July, 1963 as the unflinching zeal and social commitment of visionaries of the locality as late Sri Dharendra Nath Bera and late Sri Harendra Nath Majumdar.

Founded on 29th July 1963, Vidyanagar College has traversed half a century of its chequered existence through the travails of times, undaunted in giving shape to the aspirations and yearnings of a predominantly rural community, though despairingly challenged socially and economically, resilient enough to dream and deliver. The institution was established as a result of the relentless efforts of the late Dharendra Nath Bera and the late Harendra Nath Majumdar, who were committed to the holistic development of the young people in its fold, instilling in them a sense of dignity and self-respect through providing quality education at the tertiary level. Since its very inception Vidyanagar College has been persevering for a sustained holistic development of its vast rural and suburban hinterland, envisioning a paradigm shift in the mindset and mores.

The Objective of the College, advancement of learning, strongly manifests the spirit of Education for Empowerment. Accordingly, Vidyanagar College ever since its inception has empowered thousands of young people, particularly those displaced from the erstwhile East Pakistan and also those belonging to the backward communities of the area.

**Dr. Surja Prakash Agarwala
(Principal)**

On behalf of Vidyanagar College teachers and staff I extend my invitation to the NAAC peer team to visit our institution and provide us with your valuable suggestions and advice with which we can improve ourselves in this journey of imparting knowledge. Our college has started this noble journey in 1963 and is continuing with its mission to fulfil its motto - 'Tamaso Ma Jyotir Gamaya' - to guide the students to the light of knowledge.

We express our gratitude to UGC and the Government of West Bengal for all the grants we have received over the years. We have developed our campus from a few classrooms and administrative office to new blocks housing ICT classrooms, laboratories, library, Gymnasiums and Yoga Room. We believe that we possess immense potential which we need to explore more.

Over the years there has been an exponential increase in the number of students especially girl students and that too from the minority community. The spirit of inclusiveness and democratic awareness have become the mainstay of our journey.

Besides Academics, we encourage our students to participate in sporting and cultural events. The students very enthusiastically participate in Independence Day and Republic Day celebrations. They also observe International Yoga Day, International Mother Language Day, Environment Day and Women's Day.

We believe that Vidyanagar College will remain a beacon of hope for the rural mass who wish to pursue higher education.
