

## **1. Title of the Practice**

**Library Extension Services for the Final Semester (Regular & Hons.)  
Students of the College.**

## **2. Objectives of**

To motivate and encourage improved study as well as further higher education.

## **3. The Context the Practice**

College library is trying to reach out towards the beneficial of the students. In this context the Library is facing several problems like space, number of multiple copies books etc.

## **4. The Practice**

College Library provides any two extra books on demand of the students for borrowing purpose and they have to give those books back to the library after the Final Semester Examination over. This practice is pretty helpful in context of the examination.

## **5. Evidence of Success**

Response among the students is extremely high in this regard. Most of the students are trying to get best out of it. It is also evidenced that the overall success rate is increased among the college students.

## **6. Problems Encountered and Resources Required**

The ultimate problem is number of copies under a title of the book. We are unable to reach General Stream students with this extension service due to shortage of number of copies. Library is also facing a space crunch situation as well.

## **7. Notes (Optional)**

The Library Extension Service has been practiced since Academic Year 2018-2019. Presently almost 90% of the Hons. Students are benefited under the service.
