General Feedback:

Convener:

- Mr. Gourab Das, Assistant Professor of Commerce, Vidyanagar College

Theme of the Webinar:

- Details Overview Regarding Cyber Security

About the Speaker:

Mr. Ramit Kumar Roy obtained his MCA degree from The Birla Institute of Technology, Mesra, Ranchi in the year 2004. He is working in St. Xavier's College for more than seventeen (17) years since he had joined the college in the month of July, 2005. At present he is an Assistant Professor and the Professor-in-Charge of the Department of Information Technology (Commerce (Evening)). Till date, he has published two papers in Scopus Indexed journals and has several publications in different International conferences.

Learning outcomes:

- Students will understand and appreciate the legal and ethical environment impacting individuals as well as business organizations and have an understanding of the ethical implications of IT legal decisions
- Students can protect and defend computer systems and networks from cyber security attacks.
- Diagnose and investigate cyber security events or crimes related to computer systems and digital evidence.
- Effectively communicate in a professional setting to address information security issues.
- Students can protect data and respond to threats that occur over the Internet
- Students can design and implement risk analysis, security policies, and damage assessment.
