Resource Person	Topic	Major Concepts
<p style="text-align: center;">DR.SUMANTA DUTTA</p> <p style="text-align: center;">Assistant Professor Post Graduate and Research Department of Commerce, St. Xavier's College (Autonomous), Kolkata & State President (West Bengal) Department of Research and Innovation Wing Research Foundation of India</p>	<p style="text-align: center;"><i>Strategies to Enhance Research Credibility of the Academic Institutions</i></p>	<ul style="list-style-type: none">• Concept of Research in Academic Institution• Importance of Research in Academic Institutions.

Theme of the Webinar:

The seminar will address some of these issues and serve as a forum for academicians to interact and exchange ideas on their ongoing work. It seeks to expose research scholars to a) an understanding of categories like method, methodology and theoretical perspectives b) critical perspectives on

assumptions underlying dominant strands of research c) the idea of validity of method in positivist and interpretive frameworks and d) recent developments in the philosophy of social science research.

About the Speaker:

Dr. Sumanta Dutta at present is an Assistant Professor in the Post-Graduate and Research Department of Commerce, St. Xavier's College (Autonomous), Kolkata under the University of Calcutta, West Bengal. He has over 19 years of experiences in teaching and research. He has contributed in three edited book, one case book and one research book from reputed publishing house of India. A researcher by choice, he is the editorial board member of various National and International Journals. His work has been cited well both in SSRN top ten-download list as well as in Google Scholar. For his outstanding contribution in the field of marketing research he got National Education Leadership Award in 2019. He also obtained Outstanding Post-Graduate Faculty Mentoring Award 2020-2021 respectively in the year 2020.

Learning outcomes:

- The researcher is able to perform interdisciplinary interaction and cooperation with representatives of other fields of knowledge while solving research and applied tasks.
- The researcher is able to know the importance of research in academic institutions.
- Capable of conducting independent research, including problem analysis, setting goals and objectives, identifying the object and subject of research, choosing the mode and methods of research, and assessing its quality.
- Is able to conduct independent fundamental and applied research using classical and modern methodology, analysis of problems, setting goals and objectives, selection of the object and subject of research, choice of research mode and methods, as well as assessment of its quality.
