Highlights of the program/ Activity

A plantation drive was organised on the college premises to mark the observance of World Environment Day, 2022, in which faculty members, students and staff members participated. The program was inaugurated by the Principal of Vidyanagar College, Dr. Surja Prakash Agarwala at 11:30 a.m. on the college premises. Dr. Agarwal delivered an enlightening lecture on the importance of conservation of natural resources, and how plantation drives can help secure a better future for our planet. Dr. Subrata Sar, Bursar, Vidyanagar College and Dr. Arunima Ray (Chowdhury), Co-ordinator, IQAC, also graced the occasion and made the students aware about the different aspects of securing a cleaner and greener environment. The students were also made aware about the importance of planting medicinal plants as they not only play a role in ensuring a greener environment, but also help take care of different health problems by means of their different medicinal properties.

Other faculty members of the college were also present and participated actively in the program. The main event took place in a designated portion of the medicinal plant garden of the college, where a number of plants of medicinal importance were planted. Students, faculty members and staff members actively took part in the plantation drive making it a success. The saplings sowed were finally labelled with laminated name plates stating their scientific names, common, families and other details to help spread awareness and educate students and the public. A list of medicinal plants planted as part of the program is given below.

Common name: Swarpagandha
Scientific name: *Rauvolfia serpentina* (L.) Benth. ex Kurz
Family: Apocynaceae

Common name: Aswagandha
Scientific name: *Withania somnifera* (L.) Dunal
Family: Solanaceae

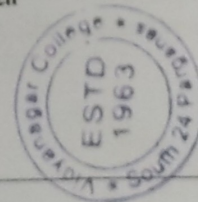

Common name: Kanta Bishalyakarani
Scientific name: *Barleria lupulina* Lindl.
Family: Acanthaceae

Common name: Ayapan
Scientific name: *Ayapana triplinervis* (Vahl) R.M. King & H. Rob.
Family: Compositae

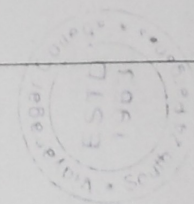

Common name: Arjun
Scientific name: *Terminalia arjuna* (Roxb. ex DC.) White & Arn.
Family: Combretaceae

Common name: Patharkuchi
Scientific name: *Bryophyllum pinnatum* (Lam.) Oken
Family: Crassulaceae

Common name: Vasaka
Scientific name: *Justicia adhatoda* L.
Family: Acanthaceae

	<p>Common name: Bahera Scientific name: Terminalia bellirica (Gaertn.) Roxb. Family: Combretaceae</p> <p>Common name: Amlaki Scientific name: Phyllanthus emblica L. Family: Phyllanthaceae</p> <p>Common name: Bel Scientific name: Aegle marmelos (L.) Corrêa Family: Rutaceae</p> <p>Common name: Kari pata Scientific name: Murraya koenigii (L.) Spreng. Family: Rutaceae</p>
1	<p>Feedback</p> <p>The students' enthusiastic participation was notable in the event. The program piqued their interest regarding the various aspects of environment conservation, and they asked different questions about topics like afforestation, importance of medicinal plants, etc., which were answered by the faculty members present. They also pledged to plant saplings in their own homes and educate their families and local people about the importance of a clean and green environment. The dissemination of knowledge and awareness regarding the importance of conservation of environment was a valuable outcome of the program.</p>
2	<p>Notes</p> <p>Though Vidyannagar College takes pride in a well-maintained landscaped garden and planting saplings to mark an important occasion is a regular activity on the campus, 7th June 2022 witnessed a remarkable shift in attitude and impact. This is the first time the students of the college had the opportunity to be associated with MGNCRE, which would certainly instil a sense of responsibility in them, inspiring them to motivate people in their neighbourhood and work on a larger canvas. We hope that this event will cease to be just a one-off show, but rather be a harbinger of new ideas and initiatives to save our dear earth, because there is no planet B.</p>
